### Unseen Comprehension

Read the following passage and answer the questions follow:

Molly and her friend Bella were playing at the playground. They were supposed to be taking turns on the swing. Molly counted to 100 while Bella was on the swing. Bella didn't get off the swing. "Bella! I counted to 100, it's my turn!" said Molly. "You counted too fast, it's still my turn," Bella said. Molly was upset. She wanted a turn on the swing, too! What could she do? Molly could tell the teacher, but her teacher always wanted them to try to solve the problem first. What could she try? She decided to try using an "I message." That means to tell the other person how you're feeling, why you feel that way, and what they can please do to make it better. "Bella, I feel sad because we were supposed to take turns after 100 seconds. Will you please get off?" Molly asked. Finally, Bella went off the swing. Molly was happy because she solved her problem all by herself!

1. Fill in the blanks with the words given in box.

1x5=5

play off first take playing

Molly and Bella are two good friends. They like \_\_\_\_\_ (a) together. The other day they were playing swinging. They talked and decided that they would \_\_\_\_\_ (b) 100 times swing in one turn. And then the other would \_\_\_\_\_ (c) 100 swings as her turn. Bella took the \_\_\_\_\_ (d) round of game and enjoyed swinging. But she was not willing to get \_\_\_\_\_ (e) even after 100 counting. Molly was little upset.

2. Write 'T' if the following statements are true but write 'F' if false.

1x6=6

(a) Bella did not like Molly. (b) Molly and Bella were playing ludo. (c) Bella first took the turn of swinging. (d) Bella was not unwilling to get off. (e) Molly was very patient. (f) Molly tried to solve the problem by herself.

3. Answer the following questions by using your own words.

1x5=10

(a) What were Molly and Bella doing in the playground? (b) What was the condition of the game? (c) Why did Molly want to solve the problem by herself? (d) What did Molly do? (d) Was Molly right in solving the problem? Why or why not?

4. Write a letter to your uncle about your playing games with your friends.
